

CULTURE

Our Experience

Creating a culture of excellence through transformational leadership is our passion. The organizational development and success I achieved through continuous improvement was forged during 5 combat tours and precision flying with the US Navy Blue Angels. I commanded combat units, receiving the Bronze Star for leadership and established the Navy's first stealth fighter squadron during 21 years of service. The proven process to inspire, motive and deliver results is a streamlined collaborative improvement process; the IMPROVE Debrief.

TEAMWORK

Our Approach

We deliver results with high energy, immediate impact keynotes, workshops and consulting services. Like landing a multimillion-dollar fighter on the pitching deck of an aircraft carrier, it takes a team with an aligned culture of success to succeed. We collaborate with you to take our proven process of daily success to build upon employee trust and confidence and help you achieve your strategic organizational goals.

RESULTS

Why Us?

Organizational success is achieved when teammates are valued, trusted and empowered. Our simple philosophy is prioritizing people, professionalism and results, in that order. People are the most valued asset of any organization and when they are empowered to achieve professional excellence, successful results are assured.

PEOPLE PROFESSIONALISM RESULTS

What people say...

“Scott "Intake" Kartvedt is an outstanding inspirational & motivational speaker. He captivates his audience with his natural charisma and immediate rapport.”
-SVP Health Industry

“One reason for his program's success is the amount of time he spent familiarizing himself with our company and his audience. He tailored his presentation to our company's culture, metrics and goals and made his points with examples relevant to our audience.”
-Director Supply Chain Management

“I personally witnessed Scott instantly earn the team's respect and build a cohesive, extremely capable team of professionals literally from the ground up.”
- Director Navy F-35 Operations

“Scott's mentoring and advice through the years has been a key element to my success.”
-XO Guided Missile Destroyer
